TITLE - CUSTOMER JOURNEY

User journey by the Design Team of Accenture Interactive NL

Team ID - **PNT2022TMID17124**

Team Lead- THAMODHARAN S NANDHAKUMAR M NAVEENR

SABARI K

Creating a user journey is a quick way to help you and your team gain a deeper understanding of who you're designing for, aka the stakeholder in your project. The information you add here should be representative of the observations and research you've done about your users. \wp

1 Phases			Entering income	Attaching mail account in order to receive
	Create the user	Setting up details of bank accounts and	Entering income details to track how	in order to receive reports over a week /
gh-level steps your user needs to	account	other finance sources	much they spend and	reports over a week / month / year according
complish from start to finish			save	to their preference
Steps	User mobile			Analyzing the
	number/email to	Entering the	Creating	Analyzing the reports in intervals
tailed actions your user has to	create account	daily to keep	categories	where they are
form	the profile	daily to keep track of them	for	where they are spending their money
			expenses	
Feelings	It is easy to		I can see	I can use the
	It is easy to create	May be I should stop sponding	where my	reports to design the
at your user might be thinking and	account with	my money on	money is	design the
eling at the moment	mobile	(unnecessary	going	buaget better this time
	number	expenses)		uns une
	Is it secure to		ucorintorfoco	Looking into the
	include my	Keeping track	is not simple	expenses and figuring
